

Loscam Awarded The Best Logistics Technology & Equipment Enterprise in E-Commerce

At the recent 3rd Annual Entrepreneurs Summit for China E-Commerce & Logistics in Beijing China Merchants Loscam was awarded the Best Logistics Technology & Equipment Enterprise recognising its outstanding contribution in China e-commerce industry. In recent years, China e-commerce industry has come to realise the benefits of palletised delivery and pallet pooling in improving the supply chain efficiency in e-commerce.

Mr. Scott Chi, the Senior Solutions Manager of Loscam Greater China, delivered a speech on the success story of how Loscam helped Yihaodian, China's fastest-growing e-commerce company, to improve its supply chain by providing pallet pooling solutions to Yihaodian, its suppliers and distributors.

The summit was organized by the Federation of Entrepreneurs for E-Commerce & Logistics, directed and supported by the Ministry of Industry and Information Technology of PRC, the Ministry of Commerce and the China E-Commerce Association. Other outstanding enterprises and entrepreneurs in China e-commerce industry were awarded for their contribution to the development of the industry.

About LOSCAM

www.loscam.com / www.loscam.com.cn

LOSCAM is a leading provider of Returnable Package Handling (RPH) solutions for use in Australia and Asian supply chains operating in 10 countries throughout Asia Pacific. Loscam is focused on delivering high quality, efficient and environmentally sustainable solutions, which has led to a position of leadership in the manufacturing and retail sectors. The business was established in the 1940s in Australia and the mid 1990s in Asia. Loscam's focus is primarily on the hire of wooden pallets and the provision of solutions in the manufacturing and retail ready space.
