Loscam Participates in Asean Logistics & Transport Show 2013

Leading equipment pooling solutions provider, LOSCAM, has announced it will be participating in the inaugural Asean Logistic & Transport Show 2013 in Kuala Lumpur in September. Themed “Transforming the Logistics Industry”, the event will showcase products and developments from the sectors leading companies.

Loscam has been transforming the way products are moved through Malaysian supply chains for almost 20 years, with its unique pallet pooling system delivering benefits in product handling and safety. Loscam will be exhibiting their pallet, container and retail ready pooling solutions as well as present a paper on the trends affecting equipment for retail supply chains.

Loscam was an early entrant to the Malaysian logistics sector when it first commenced providing pallet rental solutions to major retailers and manufacturers in 1994. With almost 20 years experience in Malaysia, Loscam is recognized as the partner of choice for pooling solutions in the retail and FMCG sectors.

“We are proud to support events such as this as they are critical to the continued development of the logistics sector in Malaysia” said Crisca Chong, Loscam Malaysia’s Sales and Customer Services Manager. “Loscam is constantly striving to develop our products and services to better meet our customers’ needs and this event gives us an opportunity to showcase our latest solutions”.

About Loscam

LOSCAM is a leading provider of Returnable Package Handling (RPH) solutions for use in supply chains. Loscam operates in 10 countries throughout Asia Pacific and is focused on delivering high quality, efficient and environmentally sustainable solutions. This has led to a position of leadership in the manufacturing and retail sectors. The business was established in the 1940s in Australia and the mid 1990s in Asia. www.loscam.com
