Loscam GPAK G3

Loscam G3s are ideal for the movement of bulky and odd-sized freight, where a safe and secure environment is required. Designed to maximise intermodal cubic utilisation, these units are tough, easy to assemble and collapsible. GPAKs ensure occupational health and safety compliance with walk-in doorways to limit bending or stepping over gates.

Benefits:

- Folded to upright in 50 seconds, collapsed in less than 30 seconds
- Erected by a single person without using tools
- One-piece foldable units with attached lids
- Modular design
- Ergonomic
- Walk-in door, mitigates leaning over drop gate
- Increased security, products inside units are not visible
- Reduce theft and products replacement costs
- Stackable/ foldable
- Can be enabled with a Loscam Track & Trace locational device, connected to the Loscam Live tracking platform

Specifications:

Overall Size:	Erected - 2300 mm(L) x 1150 mm(W) x 1200 mm(H) Collapsed - 2300 mm(L) x 1150 mm(W) x 390 mm(H)
Tare Weight:	160 kg
Gross Weight:	2.31 m ³ / 1,500 kg
Material / Construction Characteristics	<ul style="list-style-type: none">• High tensile galvanised steel• Smooth internal plastic lining• Lightweight• Stackable for storage
