

## Loscam Repairable Plastic Pallet

Model: PP2-1

# Loscam Repairable Plastic Pallets

The Repairable Plastic Pallet is most applicable in food & beverage, dairy and pharmaceutical industry, where strict requirements on pallet material exist. Its unique modularised design enables easy fabrication, dismantling, and most importantly reparability. Reparability increases pallet utilisation and recyclability, and ultimately reduces resources wastage and contamination to the environment.

## Benefits

- Modular design, repairable and replaceable parts reduce maintenance costs and lengthen pallet life cycle
- Patented anti-slip belt design increases friction between goods and pallet, and between pallet and the floor, allowing steady goods stacking
- Full-perimeter base ensures steadiness and intactness when stacked
- Enhance loading capacity and strength by implanting zinc-plating steel-beam on the top board and bottom board
- Embedded RFID tag slots for easy goods tracking and inventory control

## Specifications:

Overall Size: 1200 mm(L) x 1000 mm(W) x 156 mm(H)

Tare Weight: 30 kg

Gross Weight:

- Hold - 2,000 kg on small beam racking
- Drive through/ edge racking - 1,000 kg
- Static load - 8,000 kg

Uses:

- Solution for raw material supply, manufacturing, warehousing and distribution
- Applicable for industries with special demands on operation environment and hygiene
- Suitable for warehouse turnover, automated production lines and modern warehouses
