Loscam GPAK G3

Loscam G3s are ideal for the movement of bulky and odd-sized freight, where a safe and secure environment is required. Designed to maximise intermodal cubic utilisation, these units are tough, easy to assemble and collapsible. GPAKs ensure occupational health and safety compliance with walk-in doorways to limit bending or stepping over gates.

Benefits:

- Folded to upright in 50 seconds, collapsed in less than 30 seconds
- Erected by a single person without using tools
- One-piece foldable units with attached lids
- Modular design
- Ergonomic
- Walk-in door, mitigates leaning over drop gate
- Increased security, products inside units are not visible
- Reduce theft and products replacement costs
- Stackable/ foldable
- Can be enabled with a Loscam Track & Trace locational device, connected to the Loscam Live tracking platform

Specifications:

Overall Size Erected - 2300 mm(L) x 1150 mm(W) x 1200 mm(H)
 Collapsed - 2300 mm(L) x 1150 mm(W) x 390 mm(H)

Tare Weight 160kg

Gross Weight 2.31 m³ / 1,500 kg

Material Characteristics • High tensile galvanised steel
 • Smooth internal plastic lining
 • Lightweight
 • Stackable for storage

Forklift Access 4-way entry

Uses • Storage, transport and distribution of products that require special care or difficult to handle
 • Applicable for automotive, pharmaceutical, fashion, agriculture, electronic and transportation industries
