Loscam AdvaNZ Pallet

Loscam AdvaNZ Pallet has been specially designed for the New Zealand market. The pallet combines the benefits of a true 4-way entry pallet with robust engineering to ensure your products and employees have ultimate assurance of the strength and utility of the pallet.

Benefits:

- Improved usability with a true four-way entry design
- Able to be used with standard forklift and pallet jack equipment without modification
- Enhanced OH&S with four bottom boards around perimeter allowing faster and safer loading to racking systems
- Greater load distribution for block stacking environment
- Ideal for bagged product as full perimeter bottom boards help to prevent spooning
- Proven in automated production and storage environment
- Constructed with added strength and durability

Specifications:

Overall Size:	1000 mm(L) x 1200 mm(W) x 156 mm(H)
Tare Weight:	28 kg
Dynamic Load:	1,300 kg
Static Load:	4,000 kg
Construction Material:	New Zealand Pinus Radiata
